GOJIPure™ 25,300 ORAC units per 100 g

There is a reason why people in Ningxia Province, China have 16 times more centenarians than other places of the world. For over 3,000 years the Goji berry has been regarded as the fruit for longevity and nicknamed the **"Happy Berry"**. Polysaccharides, one of the most important compounds in Goji, are powerful free radical scavengers. Combined with Goji's other polyphenolic compounds, these berries are hard to beat for their ability to support the glands, the skin, the heart, and positive moods.*

Goji juice contains The Following Naturally Occurring Elements:

- LBP1, LBP2, LBP3, LBP4, LBP5 (Lycium Barbarum Polysaccharides 1, 2, 3, 4, and 5). These LBP's are the most important compounds and are responsible for much of Goji's powerful beneficial effects. Most of the clinicals conducted on Goji are based on these important active compounds. The LbGp's are natural sources of Glyconutrients which are exceptional sources of essential cell nutrients: Rhamnose, Xylose, Glucose, Mannose, Arabinose, and Galactose.† They are all critical for intracellular communication and proper immune system function.*
- 19 Amino Acids including all 8 that are essential for life
- 21 trace minerals, including germanium, a rarity in foods
- More Vitamin C than even oranges
- Vitamin E, very rarely found in fruits
- Solavetivone, a powerful anti-fungal and anti-bacterial compound
- Betaine, which is used by the liver to produce choline

GOJIPure™ Supports:

- Healthy Energy Levels and Resistance To Fatigue*
- Healthy Blood Pressure, Cholesterol, and Homocysteine Levels (Supporting All-Around Cardiovascular Health)*
- Healthy Endocrine (Glandular and Hormone) Function*†
- Healthy Immune System Function*
- Healthy Mood*
- Healthy Libido*
- Healthy Aging*
- Healthy Liver Function*
- Healthy Eyes*
