

UNLEASH THE POWER OF SUPER-CHARGED BIO-AVAILABLE DR. LAMAR'S SUPER SILVER

Why Is Dr. LaMar's Super Silver The Best In The World?

Quantum Physics Scientists have measured the energy that *was once* our planet and the energy that *is now* called our planet and there is a *vast difference*. All of us know this but *think* there is nothing we can do about it. All it takes is *balance* – so *supplementation in our life today is a must!*

They say, "Between creation time up till Noah's Day, the world was full of energy, but after Noah's Day things have degraded by man's pollution."

That's why we named our product **Super Silver**. It is an all natural, completely organic dietary supplement chelated from ancient plant matter, and angstrom in size. Angstrom is a measurement in light waves, they are not colloidal. **Dr. LaMar's Super Silver** is 100% plant derived and the "size" is a million times smaller than colloidal silver. **Super Silver can penetrate to the DNA**. Our pH balanced, bio-energetic liquid silver is the most totally digestible source of silver in the world. Expect immediate response and maximum results every time.

Do You Have Problems With Your Health?

Some results of harmful bacteria are flu, colds, sinus/respiratory infections, pink eye, gastrointestinal disorders, food poisonings and fatigue. We are exposed to these ailments caused by harmful and resistant bacteria strains *on a daily basis*.

University Tested and Scientifically Proven A Natural Antibiotic Breakthrough

Antibiotics have become ineffective against many strains of bacteria. Because of the over use of antibiotics, we have created *super resistant* classes of bacteria that resist most prescription antibiotics.

In major universities, **Dr. LaMar's Super Silver** was tested. Scientists proved that **Dr. LaMar's Super Silver** killed every strain of bacteria that it was tested against – over 29 different strains – all of the common ones we are exposed to. **Dr. LaMar's Super Silver** performed equal to or greater than the major classes of prescription antibiotics

Dr. LaMar's Super Silver in a major university lab study, on average, outperformed the five major classes of antibiotics against harmful and resistant bacteria.

DR. LAMAR'S SUPER SILVER = STRONGER IMMUNE SYSTEMS

96.8% BIO-AVAILABLE TO THE BODY

SAFE TO USE EVERYDAY FOR EVERYONE

Colloidal Or Angstrom

What is the difference?

Most commercially available silver is **colloidal** in size and **inorganic** which makes it almost impossible for the body to absorb – **only 10% is digested**. By being hard to digest, it becomes ineffective against harmful and resistant bacteria. It also degrades very quickly after manufacturing or it binds to any negatively charged molecule in the body which limits the beneficial effects.

By being 96.8% bio-available to the body, **Super Silver** is 200 to 300 times more effective than most commercially available colloidal silver. Ancient organic humus beds were full of living plant matter containing lots of silver. The silver is extracted by a unique, patented manufacturing process. The patented process separates **Dr. LaMar's Super Silver** from every other silver product on the market and gives it the **ability to kill harmful bacteria**. Another major distinction between **Super Silver** and all others is that due to its energetic and etheric nature, it **doesn't break down**. Direct sunlight doesn't change its composition even after years of exposure.
